

PUTTING THE VILLAGE BACK INTO NUNHEAD

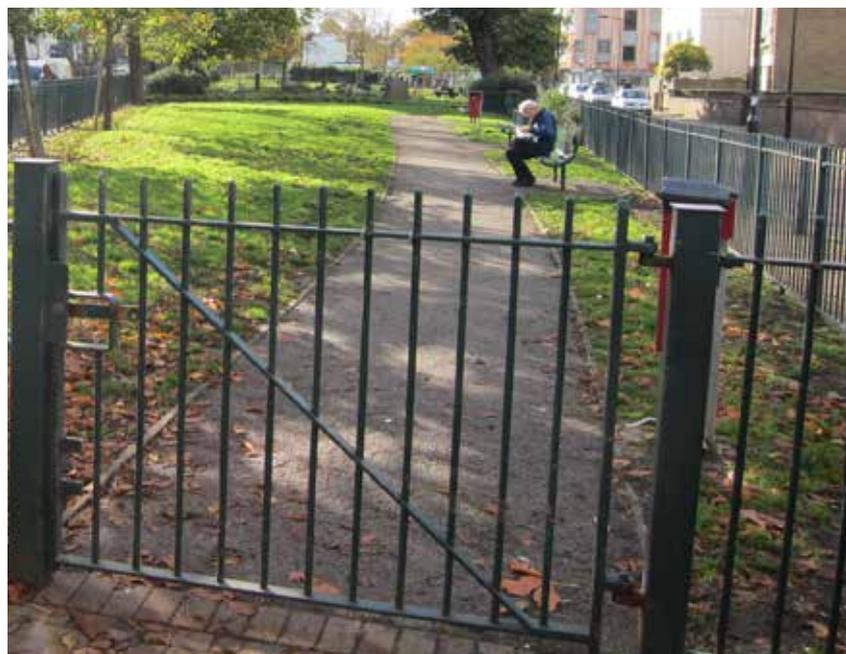

www.lovenunhead.co.uk
[@village_tweet](https://twitter.com/village_tweet)

Hello everyone

We are ready to kick start the design for Nunhead Green and are holding a consultation event between 12 noon and 4pm on 4th May at Nunhead Corner with AOC architects. I will also be opening Nunhead Corner until 8pm on Tuesday the 7th for you to visit and discuss your aspirations for the green. These sessions will build on feedback we have previously received about the green and starts an intensive phase of design and consultation to develop a masterplan and phase 1 works programme for delivery early next year. We know the green is important to local people for many reasons and we need to make the space work better and strengthen the connections to the high street and new community centre site. So drop in on either day and talk through your ideas for making Nunhead Green even better!

Council

Shop Fronts

The first four shops have had their festoon lighting installed and with 22 shops signed up we look set to transform the evening appearance of the high street. The remaining shops will have the lights included in the main shop front works contract starting this September.

As you know Jan Kattein and his team are delivering the shop front improvement scheme.

www.jankattein.com

www.brandinglab.co.uk

Proposals developed to date look great and shortly they will be finalised and agreed with shop owners to confirm exactly what works are taking place.

To ensure that Nunhead as a whole and most shops benefit we are not just selecting a small number of units and doing a complete shop front replacement. Works are being prioritised based on a shop front condition survey and what is practically needed. Shop owners are also being invited to extend their works through financial contributions.

The analysis of the high street along with strategic options are on display in Nunhead Corner and on the regeneration pages at www.lovenunhead.co.uk We have had a great response from people coming to view the information and initial conversations with shop owners are also very positive.

Nunhead's Pop Up Shop: Nunhead Corner

Nunhead Corner is open every Tuesday from 10am until 6pm.

Currently, the premise is a consultation base for all the Nunhead Outer London Fund (OLF) projects to make it easy for you to find out what is happening and give your feedback on proposals. Our current major consultation subject is the improvements to Nunhead Green with a consultation event on 4th and 7th May. How can we make Nunhead Green better for Nunhead?

The long awaited pop up shop call for proposals is set for Friday 3rd May with the first tenancy set for July. The application document will be available in Nunhead Corner, on www.lovenunhead.co.uk or I can email you directly. Successful applicants will enter into a tenancy at will with Southwark. This is a really exciting opportunity for local start up businesses, social enterprises or community uses to trial their business model for a short term tenancy. So get your entrepreneurial hats on and proposals ready!

www.lovenunhead.co.uk

Online forms have been added to the website so if you want your event, high street business or community group to be included you can fill in the required information and be added to the website.

Nunhead Festivals

Discussions are underway to finalise the Nunhead Festivals programme bringing together some exciting proposals and a good mix to celebrate all that is Nunhead. We have also been awarded some additional festival funding from the Peckham & Nunhead Community Council ensuring great range of activity for you to enjoy. Successful applicants will deliver their events with some support through the OLF programme and the Council. This is a great opportunity to add to the festivals you currently enjoy with the aim to run the new events in the years to come.

Lighting

The bridge lighting installation will get underway next week, 29 April.

Electric Vehicle point

The new point outside Nunhead Corner is a part of the Source London network which costs a £10 membership per year and entitles member to use all Source points in London and the Source East (East of England). Full details and real time information is available on www.sourcelondon.net.

Garden walls on Evelina Road

Phase 2 of the environmental improvements replacing the front garden walls on Evelina Road will start after Easter. There are 15 properties involved which will bring about a great outcome for the street.

Road Resurfacing

Design of the drop kerbs on the northern footway of Evelina Road is being undertaken and I will confirm when the works are programmed.

Signage and Notice Boards

The project team are looking at three initial locations for visitor signage to help people arriving in Nunhead to get between the station, the cemetery and the high street. We will also be looking at upgrading the community notice boards where possible.

Bags for Life

The I Nunhead bags complete with their map of the village are available at Nunhead Corner and from your local retailers. Wear it with pride and remember to shop local and support your local businesses!

If you want to be added to our mailing list or have any questions or comments please get in touch.

Events and activities in your community

IGNITION

Courses to help you find a job: CV writing, interview practice and learning about what the employer is looking for. Courses are free and run between 23 April and 4 June, 10am to 12.30pm at the Salvation Army Hall on Nunhead Green. Call 020 7639 7292 or email nunhead@salvationarmy.org.uk for more information.

SE15 Young Filmmakers Competition - Call for Entries

The 2013 SE15 Young Filmmakers Competition invites young people to make and submit short films inspired by the neighbourhoods and communities of the London SE15 postcode.

The competition, organised by the Free Film Festivals community group, calls for young people to express their own creative responses to the theme of "My SE15: People and Places", with the opportunity to share their films in a public screening during this year's Peckham and Nunhead Free Film Festival. Every film accepted into the competition will be shown during the festival, and shortlisted films will also be screened during the awards ceremony on the big screen at the Peckhamplex cinema.

The competition has two age categories: 11 to 17 and 18 to 25, with prizes for the best animation, documentary and drama in each age group. The closing date for this year's competition is **1 August 2013**.

Full details and entry forms are available at: www.freefilmfestivals.org
